

C'ellar Vie - "That's Life"

Boutique Wines, Beers and Spirits from your friendly local Sommelier

"You heard it on the Grapevine..."

C'ellar Vie (formerly Liquor Prince), has been through a recent renaissance! You will find it has transformed itself into a light, bright, cheerful and interesting place to do a spot of local shopping in a boutique wine shop, with a friendly French flavour.

We are nestled in amongst the other ten interesting shops in the Princes street cluster – all of which have terrific products or services to offer you. We plan to circulate our Newsletter at intervals throughout the year, to let you know of interesting wines we have come across, and are now stocking at **C'ellar Vie**.

We extend a very warm welcome to you, to visit us and to meet our Manager, Graham Arnott. Graham has many years in the industry. He has a wealth of knowledge to share about his wines, and will be on hand to offer friendly and helpful advice.

With the warmer weather and our sublime long evenings to enjoy, kick back with a glass of your favourite, or explore something new and different...what better time than spring to start enjoying life anew. We look forward to your visit, and getting to know you.

Catering:

C'ellar Vie looks forward to assisting you with the supply of drinks for any planned functions or parties: We are able to supply glasses, ice-tubs and ice for delivery within 10 kilometers

Wine Appreciation:

Graham plans to run some short, in-house "sensory" courses for small groups during next year. These will form an understanding of the types, styles and tasting skill-sets for identifying different wines and their flavours.
